Subject: The Boeing Company's (Boeing) Supplemental Response to
U.S. EPA Request for Information Pursuant to CERCLA Section 104(e):
Santa Susana Field Laboratory, Ventura County, California (Request)

Dear Mr. Lyons,

In accordance with our discussions and your email of November 10, 2009, I enclose Boeing's supplemental response to U.S. EPA's Request via DVD. Please load these materials onto the hard drives already provided in our August 20, 2009 Response. As with the hard drive, data on the enclosed DVD is categorized by U.S. EPA question number. Boeing incorporates by reference into this supplemental response its general and specific objections to EPA's Request, as outlined in our August 20 Response.

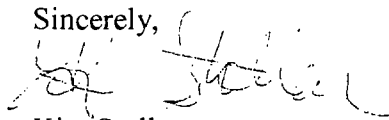

Boeing has identified that certain documents may contain information restricted by U.S. export control laws, including the Arms Export Control Act (22 U.S.C. section 2751 et seq.), the International Traffic in Arms Regulations (22 C.F.R. Part 120), the U.S. Department of Commerce's Export Administration Regulations (15 C.F.R. Parts 730-774), and the U.S. Department of Energy's Foreign Atomic Energy Activities Regulations (10 C.F.R. Part 810). **WARNING:** Documents that contain information covered by these statutes and regulations are subject to the export control laws of the U.S. Government. Transfer of this information by any means to a foreign person whether in the U.S. or abroad without a valid export license or prior written approval from the Department of State, Department of Commerce, or other relevant federal agency is

prohibited. Violation of these export laws is subject to severe criminal penalties.

Boeing has created subfolders labeled "PEC" for potentially export controlled documents and marked such documents accordingly. Boeing further directs EPA to the "READ ME FIRST – EXPORT CONTROL WARNING" file contained within the PEC subfolders prior to reviewing any documents.

We look forward to continued work with EPA to facilitate the radiological characterization work. If you have further questions on this material, please contact Phil Rutherford at 818-466-8840. Please direct all legal questions to me at 562-797-1019.

Sincerely,

A handwritten signature in black ink, appearing to read "Kim Stollar", is written over a horizontal line.

Kim Stollar
